Actions for Compliance

ERO has identified the following areas of non-compliance during the board assurance process:

- an up to date set of school policies and procedures framework is not readily available to the school community or board members. A schedule of regular review is required to ensure compliance with all legal and regulatory requirements
[Section 127 (1) and (2) Education and Training Act 2020].
- non-teaching staff authorised to use physical restraint should be notified in writing
[Education and Training Act 2020, s. 101, 5. (3) The employer must give the employee a copy of the authorisation].

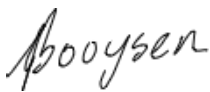

The board has since taken steps to address the areas of non-compliance identified.
